Hi Carter

Great job. If not too late, did you want to mention ESA (I note you do mention there are impacts to other resource areas).

Jason, Liz and Rob,

Here is the draft language I came up with to fulfill Horst Greczmiel's request. If you could please give it a look and let me know if I let out anything important, I would greatly appreciate it. As I mentioned in an IM chat to Jason, much of the language used regarding impacts was pulled directly from previous briefings and your Nov 7 letter, so I hope it is mostly good. The main thing I'd hope to get the green light from you all on are the characterization issues at the bottom of the page.

Kathy is reviewing this concurrently. We hope to send it to OFA as early as possible tomorrow.

Thank you.

- Carter
